PENNSYLVANIA.

SYLVANIA-A CROICE COLLECTION OF COTFEE.

HARRISBURG, August F, 1866. The Philadelphia Copper-Johnson Convention, to meet on the 14th inst., will not full to have a marked effect upon the pending political struggle in Pennsylvania. It was inthe Johnson office-holders and the unrepentant Rebels-the herors of Memphis and New-Orleans-to and divide the Republican party, and give chery an easy triumph in our State. The Democracy e glad to surrender their distinctive organization, apmently so long as they retained the substance wi ell-considered metives of policy, hoping thereby escape the unfading odium they have wen as a party

escape the reprobation of our loyal people, they have Rebellion. It has created a revulsion in popular that has made the leaders tremble, and Clymer

adelphia Convention.

Le Democratic wire-pullers were unwilling to let the adelphia Convention.

Le Democratic wire-pullers were unwilling to let the deep of the party elect the delegates. Although there ample time, they were denied the privilege because r would in many instances, have chosen men who de refuse athliation with Wood, Vallandigham, Woodd, and Rebels from the South, The Executive Comtee of the State Convention—not over three men in assumed to select the entire delegation, and it bears in its face the work of a master Rebel's hand. The ce ex-Governors who lead the list were all the friends traitors during the war. Porter was Governor 25 years and has since been in disgrace in his own party, but ty in 1808-9, and both his Cabinet officers—Secretary ster and Attorney-General Knox—have acted with Ecpublicans. Packer went home in 1861, and since been ardently in-sympathy with the sels in the war to overthrow the Government. Bigler of Emphasized Market and his Sennity-(Clearheld) was conspicuous for hists and the murder of Union officers during the le war. Woodward was defeated for Governor in a gad he attempted to defeat the Sings op of our test immediately after his defeat, by deciding the Conpilon Law unconstitutional, but the people removed by the election of Judge Agnew, and the court redet to patriotism. REV. JOTHAM HORTON-SKETCHES OF CONVEN-TIONISTS-JUDGE HOWELL-ANTI-NORTHERN HA-

From Our Own Correspondent. NEW-ORLEANS, Aug. 8, 1866. The tragedy is over. "My Policy" has been proved to be not only impelitie but fraught with fearful evils. It is in fact a very Pandora's box, full of mortal diseases.

A strong effort is indeed made by the papers of this city to ast the blame of the recent riot on what are termed Northern in so doing, stirring up the "amiable" blacks. So talks The Picayone and the rest of them. Now we well know here that Prespute and the rest of the Conventionists had been let alone. And had their action been proved to be illegal it would have been perfectly harmless. There are differences of opinion even among Unionists of this city as to the expediency of calling the Convention, but we all feel that the

as bretended patriots, 'intemperate pointense, 'reas headed man, 'iscendaries,' wrethed desperadoes,' who, as was once said of the best of men, would turn the world upside down, or have done it already. Permit me to say a word for a few of the victims of the mot of July 30. The Rev. Jotham Warren Horton, who was among the killed, was a Baptist clergyman, a nuive of Nantseket. Mass.

The writer has known him well for years, and he has ever borne an henorable name as a man and as a Christian ministry. During the war he was neglect of a Baptist Church in.

WHO CLAIM TO BE THE NEW UNION MEN OF PENN. THE PREE-STATE MEN-JUDGE DURANT-THE LATE ANNUAL REPORT OF THE BOARD OF EDUCATION-THE NUMBER OF NEW-YORK SCHOOLS-THE COR-PORATE AND ASTLUM SCHOOLS, &C .- ATTEND-ANCE OF SCHOLARS-FINANCIAL STATEMENTS.

James M. McLean, President, it appears there are 162 schools in New-York, including the Free Academy, Normal solvois Grammar schools, Primary, Colored, Corporate and Asylum schools, and Evening schools.

During the year ending Dec. 31, 1863, \$2,256.306 55 were deposited with the City Chamberlain for the purposes of education. The expenditures may be summed up as follows: A mount paid the City Chamberlain over draft in warrants issued in 1864, \$86,333 77; salaries to teachers, lantitors and officers. \$1,492,177, \$4; support of Normel schools, \$6,761,33; rent of school premises and apportionment to corporate schools, and planes for ward schools, \$2,7508, 71; payments for building and repairing in ward schools prior to and daring 1865, \$211,139, 78. This makes the total payments \$2,377,988, 29, which leaves an excess in warrants issued to be provided for from the fund of next year of \$79,480, 11.

The total number of scholars taught in these schools under the control of the Board of Education, and also the corporate school, amounted during 1864 to 218,084.

In the year 1865 the total attendance at all the schools, including the Free Academy and the Normal, was 219,743, showing an increase over the perions year of 11,655.

The State School Tax paid by this city for the past 12 years, and the large proportion not preturned, was as follows:

Amount paid, \$1,284,491,65.

Amount retained by the State Gevernment for distribution in other counties, \$2,265,816,94.

In the year 1856—ten years since—the total educational expenditure of this city amounted to 846,825,75.

The report, which contains many items of considerable interest, contains a financial statement of the hast 10 years, a description of the studies pursued in the various schools coming under the superintendence of the Board, and the inspector, teachers, &c. The report also gives the average attendance of each achool and the actual expenses of every school. It has been got up with great care and vatention to important and interesting facts, and will well repay

Gold closes at 148; and is not in demand. Early in the day borrowers paid 3-3:ds for cash gold, and at the close of the day four per cent interest was offered on gold.

Government stocks continue firm and in good demand. State stocks are also strong and in some cases higher. Railway bonds steady, and bank shares strong. The small stocks are firm. Lehigh and Susquehanna Coal rose per cent, and Mariposa Preferred 1. The railway share market was irregular. For Pric and Reading there was an active demand at higher prices, the former selling at 74% and the latter at 117%, closing at 73% and 116%. Erie was reported in demand the election," a purpose for which it this will not prevent credulous speculators from buying it. At the I o'clock call, the share market was better, except Erie and Reading, which did not command the street prices. At the Second Board, the market was strong on general list, but Erie was lower and sold at 732; Chicago and Alten Preferred sold at 109], ex dividend of 5 per cent. The money market shows no quotable change, but the the banks are increasing their loans and circulation, and decreasing their legal tenders. There were some "produce offering upon the street to-day-the first of the eason-and it will not be long before the supply will be large enough to affect the market sensibly. Call loans are quoted 425 per cent, and commercial paper 527 per cent. inst., will amount to \$70,000,000 including interest. The Boston Transcript of Saturday says: The Boston Treaserist of Saturday says:

Money continues in abundant supply, and the market favora
the berrower. Call loans are readily obtained on good collateral at 5 to 6 per cent, and the best commercial paper in demand at 6 per cent, with a much higher range for the lower

continued active, with an upward movement in many of the
leading speculative classes. Governments have been strong
at an advance on the close of the previous week. In the miscellaneous dividend-paying classes the transactions have been
light, with lattle change in quotations.
